Aetna Hospital Indemnity Plan

Be prepared for what lies ahead

Maybe you're expecting to have a hospital stay — or maybe not. Either way, you can plan ahead to give yourself an extra financial cushion.

What is the Hospital Indemnity Plan?

The plan pays benefits when you have a planned, or unplanned hospital stay for an illness, injury, surgery or delivering a baby. It also pays a lump-sum benefit for admission and a daily benefit for a covered hospital stay. You can use the benefits to help pay out-of-pocket medical costs or personal expenses.

How is this different from a major medical plan?

Medical plans help pay providers for services and treatment. But, they don't cover unexpected costs that might come with a stay in the hospital.

The Aetna Hospital Indemnity Plan pays benefits directly to **you**, giving you extra cash when you need it most. It can help fill in the gaps, making it a great companion to your major medical plan.

The Aetna Hospital Indemnity Plan is underwritten by Aetna Life Insurance Company (Aetna).

How can you use the cash benefits?

It's completely up to you. You can use the money any way you want, like paying for:

- Deductibles or copays
- Mortgage or rent
- Groceries or utility bills

...or for anything else **you** choose.

Easy to use

Online tools make it easy to manage your plan. File a claim in about 90 seconds or less if you have a covered stay in a hospital. And, benefits get paid directly to you by check or direct deposit.

Because it happens

\$1.24 trillion was spent on hospital services in 2020. **60%-65%** of all bankruptcies are related to medical expenses¹.

Ready...or not

Carter* is a hard worker, so he doesn't always slow down to listen to his body. Before he knew it, a little cough turned into pneumonia — and a hospital stay.

Good thing he had the Aetna Hospital Indemnity Plan. He filed his claim and the benefits were deposited right into his bank account.

That money helped make up for the time he missed while recovering, and paid some of his deductible. Now, he can focus more on his health.
